

Held every other year, the Farnborough Air Show provides an opportunity to meet the global participants in the world's aerospace industry. In 2014 over 100,000 trade visitors attended.

Farnborough International Airshow (FIA) is the largest truly global event of its kind. A platform for some 1,500 exhibitors from the aerospace, defense, space and security sectors to showcase and demonstrate aircraft, equipment and technologies, the show is specifically designed to facilitate tailor-made and unrivalled opportunities to meet, negotiate and announce business transactions.

Being part of a trade show allows you to exhibit your product, display catalogs and literature, and network with a global audience that otherwise may be unreachable and unaffordable. Space is limited and fills up quickly. Your prompt response is recommended.

We are now recruiting NY companies interested in attending.

A grant from Empire State Development Corp. allows the North Country Chamber of Commerce to subsidize the cost of premium booth space. For \$2250, your company can register to occupy a kiosk within our larger booth. Travel expenses, accommodations and show materials are not included. (*Grant amount has not been officially approved, price subject to change.)

*Documentation of travel transactions including planes, trains, taxis, subways, lodging, and food will need to be provided. Documents that need to be submitted include receipts and proof of payment such as bank statements or ETF's. All participants must complete the survey of Positive Impact after the completion of the show. **Any company that does not provide the required documentation in a timely manner will be excluded from participation in future shows.***

Please let us know if you're interested by 1/21/15, and please note that there are limited spots available. You can fax this form to the attention of Dani Johnson at (518) 563-1028 or email Dani at djohnson@flyplattsburgh.com.

By signing this form you are agreeing to all of the terms and provisions specified.

Yes! I am interested at exhibiting at the Farnborough Air Show as part of the ESDC/North Country Chamber of Commerce delegation.
